## Description

Phantastic mahogany-dream in cold molded plywood with elegant, sleek lines and a beautiful, flowing negative stern. The Frøken 32 "JOY" is a one-off built by the Danish shipyard Brøker [&] Nielsen in Holbæk. It boasts a stiff and light weight construction featuring only the best components and materials. The design of the daysailer is focused on excellent performance under sail in combination with easy and safe handling. The Frøken 32 is made for one-handed sailing with all halyards, sheets and controls operated from the cockpit. This leaves the immaculate teak deck completely free as all lines are led aft below decks. Exclusive 2-spreader rig in carbon fibre (both mast and boom) by NORDIC-Mast and a modern underwater hull with slim, effective appendices (high ballast ratio/ballast: 940 kg). Handling and especially port manoeuvres are made easy by the 13 hp LOMBARDINI inboard diesel engine. Simple and functional interior in high-gloss varnished mahogany with floorboards made of oak. Deep cockpit with teak seats, high coaming and central mainsheet pod. The daysailer comes with a storage cradle and a full canvas cover for winter storage.
