- 350 hp outboard engine.
- Bow thruster.
- Heads compartment with marine toilet.
- Bright aft cabin with double berth.
- Excellent performance.
- Only 325 engine hours.

## Description

Versatile and very seaworthy commuter built by Axopar Boats Oy. Her slender hull with vertical bow, sharply flared forefoot, and shallow aft bottom section gives the Axopar 28 Cabin AC outstanding performance in rough conditions. It's a true four-wheel drive for the sea. The stepped hull draws air beneath the bottom, ensuring efficient cruising at high speeds. The Axopar 28 Cabin in the aft cabin version is also a veritable "multi-tool": Sporty daycruiser, reliable utility or fishing boat, swim platform with ample deck space, and weekender with overnight accommodation for two passengers. Thanks to her narrow beam, the yacht fits virtually any berth and can be easily trailered with a permanent special permit. Among other accolades the Axopar 28 was named "European Power Boat of the Year 2016" in the category below 35 feet. The boat offered here is a well-maintained yacht built in 2016, sold by her second owner. Axopar 28 Cabin with the largest available single-engine configuration: MERCURY 350 XL Verado with only 325 engine hours. Extensive specification including bowthruster, electro-hydraulic trim tabs, Flexiteek decking throughout, fresh water system, diesel heating etc. A HARBECK BT3500 Aluminium tandem trailer registered for road use is included. The Axopar 28 Cabin AC is moored here in Laboe on the Kiel Fjord and can be viewed any time upon appointment.

## Deck

- FLEXITEEK 2G decking on running decks, foredeck, and swim platform
- Mooring gear: BRUCE-anchor 7,5 kg with stainless steel chain lead and anchor line
- Durable rubber chafing protection running around hull sides
