- VOLVO PENTA 350 hp (new 2018).
- Bow thruster (new 2019).
- Flexiteek deck covering.
- Including road trailer.
- Hull and deck painted clack.
- Diesel heating (new 2018).
- Extensive refit 2018/2019.
- Classic design.

Description

A cool, sporty day cruiser with elegant lines from the Danish shipyard Coronet Bådene. Its timeless design makes the Coronet 22 DC a fiberglass classic, still turning heads among lovers of stylish motor yachts. But the Coronet models aren't just about looks — they also boast excellent performance, particularly in rough conditions, thanks to their deep V hulls. This Coronet 22 DC was moored on Lake Constance until 2018 and was only used in freshwater. It was then moved to the Baltic Sea and underwent an extensive, costly complete refit by its second owner. The hull and deck were repainted, a new VOLVO PENTA engine was installed, the entire electrical system was redone, a Flexiteek deck covering was laid, and equipment such as a bow thruster (Jet Thruster), diesel heater, trim system, battery charger, and batteries were added. The cockpit received burgundy cushions, the cabin got new interior paneling, and navigation electronics like a chart plotter, autopilot, and instruments were installed. The exceptionally powerful engine with 350 hp is extremely fun to drive, with top speeds exceeding 40 knots. Now, the Coronet 22 DC is looking for a new owner. The yacht is located here at our office in the Baltic Bay Marina/Laboe and can be viewed by appointment at any time.

Deck

- FLEXITEEK deck covering on foredeck and in cockpit (new 2019)
- Electric anchor windlass LEWMAR V700 (new 2019)
