- Version with two rudder blades.
- AXXON carbon fibre rig.
- Very modern hull shape.
- Ready to race yacht.
- High spec racing deck gear.
- Exclusive running rigging.
- Elegant, sleek design.
- Engine upgrade.

Description

Hot, powerful cruiser/racer built by Cantiere del Pardo. With the Grand Soleil 34 (Skyron Yachtdesign), the Italian shipyard ventured back into the international racing circuit. The yacht is primarily designed for fully crewed racing, but thanks to her handy size and ergonomic deck layout, she also serves as a fast performance-cruiser for a couple. High tech-construction laminated in vinylester resins using vacuum infusion and reinforced with carbon fibre in stressed areas. Exclusive, well sized deck gear by HARKEN and SPINLOCK. The radical, wedge-shaped hull, a vertical stem with fixed bowsprit, a flat coachhouse with distinctive side windows and the continuous bevel at the hull-deck joint give the yacht a modern, sporty and almost aggressive profile. More information about the model can be found here on our website: Grand Soleil 34 Skyron. This Grand Soleil 34 is hull number #002 (formerly "Aigilyon"). The yacht is equipped with everything that makes a boat go fast: High modulus carbon fibre rig by AXXON, racing fin keel, lightweight interior, racing deckgear, high quality running rigging by MAFFIOLI, 3D genoa sheeting system and exclusive sail wardrobe by DOYLE and OLIMPIC. Version with tiller and two rudder blades. In addition to all this regatta equipment, the Grand Soleil 34 also features comfort options for cruising such as engine upgrade to VOLVO PENTA 27 hp, sprayhood, WEBASTO diesel heating or autopilot. The yacht is moored here in Laboe on the Baltic Sea and can be ...

Rig/Sails

- Deck-stepped, 9/10 fractional, clearcoated high modulus carbon fibre mast by AXXON Composites
- AXXON carbon fibre boom
- Standing rigging in Dyform
