Description

The Grand Soleil 45 is a fast and elegant performance-cruiser built by Cantiere del Pardo in Italy with a low freeboard, flat construction profile and spacious deck. With the designs developed by the german designer judel / vrolijk & co., the Italian shipyard began to build a solid and stiff construction with strongback in galvanized steel to take loads of keel, rig, and maststep. Because of that building, the Grand Solei 45 J & V is a very stiff, twisted free yacht. Mahogany interior and 3 cabin layout (owner's cabin in the foredeck) with two heads. This Grand Soleil 45 J & V is a well kept first hand owner's yacht. She is constantly and technically maintained. White hull with blue decor and teak deck everywhere. Comprehensive equipment with four electric winches, NORTH-Sails 3DL cloakroom, complete RAYMARINE navigation, folding bathing platform, dinghy with outboard engine, etc.
