- Excellent performance.
- Hull painted dark blue.
- Powerful engines 2 x VOLVO 340 hp.
- Hardtop with electric sunroof.
- Exclusive boatbuilder's quality.
- Bowthruster.

Description

Exclusive daycruiser in elegant retro style built by the German yard Marina Brodersby. The Kiel Classic models are fast, agile and seaworthy yachts with a long range. The hull with a deep V-frame, flared bow and steep stemhead provides excellent performance in rough conditions and the powerful engine offers plenty of fun on the water. With her sleek lines, the angular windscreen and many beautifully finished details, the Kiel Classic 35 HT will turn the heads of enthusiasts that love classic yacht design. Even if she is conceived as a daycruiser and offers plenty of space on deck, the elegant, functional interior and the bright deckhouse allow comfortable weekend cruises for two. Fully equipped, very young and continuously maintained owner's yacht. Very beautiful boat with hull painted dark blue, silver water line, silver hardtop roof and coachhouse sides in high gloss varnished mahogany. Traditional teak deck all over. The engine upgrade to 2 x VOLVO PENTA D6-340 provides speed and powerful acceleration and the smooth sound of the two six-cylinder engines enhances cruising comfort while running. Maneuvering and mooring the Kiel Classic 35 HT is child proof thanks to the joystick docking system and an additional bow thruster.

Technical equipment

- 2 x VOLVO PENTA D6-340A-G 6 cylinder common rail inboard diesel 340 hp/250 KW
- Stern drives with DuoProps
