- Aft cabin with double berth.
- Hard top with sliding roof.
- Bow thruster.
- Sturdy Norwegian shipbuilding.
- Heads compartment with shower cabin.
- Diesel heating.
- Shaft drive.

Description

Sturdy and comfortable hardtop express cruiser built by Nidelv Båtbyggeri in Norway. Spacious cockpit with U-shaped seating area, helm station, and hardtop with large sliding sunroof. The Nidelv 320 Cruiser offers berths for four passengers in the foredeck and the surprisingly generous aft cabin. Thanks to the smooth-running, economical VOLVO PENTA six-cylinder inboard diesel and low-maintenance shaft drive, the motor yacht is a reliable, safe vessel in all conditions. The solid laminated keel skeg, which integrates the shaft, and the metal profile beneath the propeller and rudder provide protection in case of grounding. Spacious engine compartment beneath the cockpit floor with excellent service access. The bathing platform with access stairs on port and starboard offers convenient water access at anchor, and the Scandinavian-style bow platform with open pulpit allows for easy boarding when moored bow-to. This is a well-equipped owner's yacht built in 2002 now offered for sale by her first owner. The VOLVO PENTA KAMD300 inboard diesel was the most powerful engine option available at the time. Complete specification including bow thruster, diesel heating, electric toilet, autopilot, electric anchor windlass, and teak decking in the cockpit and on the bathing platform. In 2019, a RAYMARINE Axiom 9 plotter and a through-hull fishfinder transducer were added. The Nidelv 320 Cruiser is stored ashore here in Laboe on the Kiel Fjord and can be viewed at any time by appointment.

Deck

- Teak deck in cockpit and on bathing platform
- Electric anchor windlass
- Mooring gear: Bruce anchor with 8 mm anchor chain
- Spring cleats
- Stainless steel handrails on foredeck and hardtop roof
