- Diesel heater and air conditioning.
- Diesel generator.
- Gyro stabiliser.
- Blue hull and teak decks.
- Bow and stern thruster.
- TV satellite antenna.
- Yacht controller.

Description

Luxurious and modern flybridge-cruiser built by the Swedish quality yard Nimbus Boats in Maristad on Lake Vänern. In three cabins, two heads and the unusually bright and cosy saloon, the Nimbus 405 Fly offers an amazing level of comfort and space for a yacht of such handy size. The saloon sports a virtually unobstructed 360° panorama thanks to the large frameless front and side windows and a wide sliding door aft. The exlusive "Scandinavian Oak" interior is bright and carefully finished. The Nimbus 405 Fly offers plenty of living space at anchor or in the harbour thanks to her sheltered cockpit, spacious flybridge and foredeck sun lounger. On deck, the "Nimbus Sidewalk" concept allows for safe movement along a wide, unobstructed starboard runnning deck with high bullwark and stainless steel railing. The starboard side deck is directly accessible from the helm station via a side exit door. Thus, safe and easy maneuvers in port or locks are guaranteed all the way from the foredeck to the spacious cockpit. This Nimbus 405 Fly is a very young and very well maintained owner's yacht built in 2022, offered by her first owner. The yacht comes with virtually all available options such as diesel generator, gyro stabiliser, bow and stern thruster, diesel heating and air conditioning, yacht controller (radio remote control for engines and both thrusters), inverter, TV with satellite antenna, etc. Blue hull and teak deck on running decks, swim platform, flybridge and in cockpit. Most ...

Technical Equipment

- 2 x VOLVO PENTA D6-380 6 cylinder turbo diesel (2 x 380 hp/279 KW)
- Engine hours (as of October 2024): 140 h/140 h
