Description

Exclusive, strong and seaworthy performance-cruiser built by X-Yachts from Denmark. The X-482 is an eye-catcher with elegant hull lines, low freeboard and sleek coachhouse profile. Design: Niels Jeppesen. Very stiff and torsion-free construction with strongback of galvanized steel to take the loads of keel, mast step and shrouds. The ergonomic deck layout with uncluttered running decks determines the yacht for racing, but also makes handling easy for small crews while cruising. Beautiful and well finished interior in genuine Burma-teak with plenty of storage space in lockers, drawers, shelves and storage compartments throughout the yacht. Extensive standard specification with quality deck fittings and a high, powerful SPARCRAFT rig with three sets of spreaders and standing rigging in rod. X-482 with blue hull and white stripes. 3-cabin version in "Classic Layout" (L-shaped galley to starboard aft) and additional folding berths in both aft cabins. Shallow draft-version (lead keel with a draft of approx. 2.24 m/ballast: approx. 5.000 kg). Extensive equipment list including electric genoa winches, retractable bow thruster, inverter, teak deck all over etc. The X-482 is in indoor storage in Kiel on the German coast of the Baltic Sea and can be inspected any time upon appointment.
