Cabins	2
Berths	6

Dimensions & Material

LOA	14.99 m
Beam	3.95 m
Draft	1.10 m
Displacement	11 t
Engine	2 x VOLVO PENTA IPS800
Power	2 x 600 PS/441 KW
Drive	IPS
Fresh water	350 L
Fuel	2.000 L
Holding tank	120 L

Key Facts

- Superior performance in rough conditions.
- Mint "as new" condition.
- Rugged angular design.
- Diesel generator 6 KW.
- VOLVO IPS with 3 x joystick docking.
- Dynamic Positioning System.
- Teak deck all over.
- Satellite-TV.

Description

"Form Follows Function" - Hardly any motor yacht design follows this principle as much as the indestructible Targa offshore boats built by the traditional Finnish yard Botnia Marin AB. True to the motto "Targa takes you to the edge of the world and home safely", ease of handling and reliability are top priorities in design and construction of these extremely seaworthy planing walkaround cruisers. The focus on function and safety has earned the Targa motor yachts the nickname "Four-Wheel-Drive of the Seas". Originally designed as fishing or work boats, the Targa model range has grown over the decades. The current flagship Targa 46 offers plenty of comfort and living space both on deck and in the exclusive interior in typical Targa-style. This Targa 46 is an almost new, very well maintained and extensively equipped owner's yacht. Largest available engines 2 x VOLVO PENTA IPS800 with three joysticks, Dynamic Positioning System, diesel heating, upgraded air conditioning, diesel generator 6 KW, satellite-TV, complete GARMIN navigation incl. FLIR thermal imaging camera etc. Layout: "Comfort Fore Cabin", short roof over aft deck and sliding door from saloon to cockpit. The yacht can be handed over at short notice fully equipped and ready to sail. An excellent opportunity to get your hands on a Targa 46 in mint condition immediately and without the long lead time for a new order.

Deck

- Teak deck on running decks, fore deck, swim platform, flybridge and in cockpit
- Electric anchor windlass LEWMAR 1.000 W with remote control at inner helm station and on flybridge
- Mooring gear: DELTA-anchor 20 kg with 40 m anchor chain 8 mm
