- Extensive SIMRAD-Navigation.
- Bow and stern thrusters.
- Satellite TV antenna.
- Traditional Scandinavian quality.
- Bow and stern anchor windlass.
- Exclusive mahogany interior.
- Incl. dinghy.

Description

Solid, seaworthy and exclusive flybridge cruiser from the boatbuilder's island of Orust. A cosy, well-protected cockpit, the cleverly divided flybridge and the large swim platform create plenty of space on deck, and in the friendly saloon, the beautiful owner's cabin and the two open lateral sleeping berths, the yacht offers an unexpected amount of living space and comfort for up to five passengers. Nevertheless, the Nord West 390 has a manageable size, is only 3,67 m wide and can easily be manoeuvred by a small crew even in narrow harbours thanks to the two drives and bow and stern thrusters. The traditional quality of craftsmanship from the boatbuilder's island of Orust in the Western Swedish Archipelago is evident everywhere in the immaculate GRP workmanship, the beautiful finish of the mahogany interior and the high standard of technical installations. This Nord West 390 is a very well maintained private yacht offered by her first owner. Contnuous technical maintenance by professional service companies. Extensive specification including bow and stern thrusters, bow and stern anchor windlass, satellite TV antenna, extensive SIMRAD navigation, dinghy, etc. Powerful and smooth running motorization with 2 x VOLVO PENTA 6 cylinders. Hull and deck have been repainted in 2019. The Nord West 390 is moored in the Baltic Bay Marina on the Kiel Fjord, directly in front of our office. She can be viewed at any time by appointment and is available for delivery at short notice.

Deck

- Teak deck on running decks, flybridge, swim platform and in cockpit
