- Autopilot and chart plotter.
- ESTHEC deck.
- Shallow keel version (draft: 1,15 m).
- YANMAR 15 hp inboard diesel.
- Sail-upgrade and code-0.
- Easy handling.

Description

Beautiful daysailer with sleek, classic lines, slim hull and long overhangs built by Saffier Maritiem/Saffier Yachts in the Netherlands. Despite her traditional appearance, the Saffier SC 10m is as easy to sail as a modern design. All sheets and halyards are led below decks to the cockpit and can be controlled from the steering position. The YANMAR 2-cylinder inboard diesel makes port maneuvers easy and the modern sail plan with self-tacking jib can safely be operated one handed. The classic impression continues below decks: The Saffier SC 10m is a weekender with an attractive, beautifully finished interior. Traditional teak strips on the hull sides, lockers with cassette doors and teak floor boards create a cosy and classy atmosphere. This Saffier SC 10m comes from the first owner and has hardly been used (operating hours: 56 h in September 2020). The daysailer is in very good condition and is equipped with everything your heart desires: ESTHEC deck, laminate sails from Ullman-Sails including furling code-0, RAYMARINE navigation with autopilot and chart plotter, electric winch for main halyard, separate heads compartment with marinetoilet etc. The Saffier SC 10m is lying here in the Baltic Bay-Marina in Laboe close to Kiel and can be viewed anytime upon appointment.

Rig/Sails

- Deck stepped, 9/10 fractional SELDEN mast
- Two sets of aft-swept spreaders
- SELDEN boom with two reefs (one line reefing system)
- FURLEX 100s jib furling system with drum below decks
