- Dieselgenerator 11 kw.
- Hydraulic gangway.
- Diesel heating and airconditioning.
- Bowthruster and sternthruster.
- Spacious, luxurious aft cabin.
- Hydraulic Stabilizers.

## Description

Linssen Yachts - the epitome of the steel displacement yacht. Since 1949, the shipyard in Maasbracht/the Netherlands has been building high-quality, stable displacement yachts and has risen to become market leader in this segment. The Grand Sturdy model range is characterised by distinctive, characteristic lines, generous living space and comfort both on and below decks, as well as excellent, easy handling. The Linssen Grand Sturdy 500 AC Variotop offers a large, luxurious owner's cabin aft and a veritable wheelhouse below the insulated, folding Variotop convertible roof. This wheelhouse can be separated from the cockpit by doors, has its own heating radiators and offers an unobstructed all-round view when seated at the helm station. 3 Cabin layout with two heads compartments, two separate showers and a bright, spacious main saloon. This Linssen Grand Sturdy 500 AC Variotop Mark II is a well maintained and fully equipped owner's vessel. Extensive specification with twin engines 2 x VETUS Deutz DT64 (2 x 159 hp/117 KW), electric folding Targa arch, interior in American Cherry, hydraulic stabilisers, bow and stern thrusters, hydraulic gangway, hot water heating system, airconditioning, diesel generator, etc. Hull and deck were repainted in cream white in 2017. Deckhouse and saloon windows have dual-pane glazing. The yacht comes with a Tecnorib PIRELLI J33 jet tender.

## Technical Equipment

- Grand Sturdy 500 AC Variotop with twin engines 2 x VETUS Deutz DT64425E 6 cylinder turbo diesel 159 hp/117 KW
