- Luxurious full-beam owner's cabin.
- Very seaworthy trawler yacht.
- Long range autonomy (fuel tank: 2.270 l).
- Comprehensive navigation equipment.
- Bow thruster and stern thruster.
- Rotor-stabilizer (new 2019).

Description

Sturdy trawler yacht built by Jet-Tern Marine/Selene Yachts. With her extremely seaworthy hull and very strong construction the Selene 40 Ocean Trawler is the perfect long range vessel for a couple or a small crew. In her luxurious owner's cabin and the forward guest cabin (each with its own heads compartment) the yacht offers plenty of comfort and living space for extended holidays on board (interior design: Ken Freivokh).

The bright and friendly saloon, the cosy cockpit with bench seat and the large aft deck create their own separate living spaces. The spacious flybridge is divided into a lounge with seating area and table, the steering area with upper helm station and two pilot seats and the aft deck with stowage for a dinghy and electric folding mast. Technically the Selene 40 Ocean Trawler has professional shipbuilding standards. All components are well dimensioned, all installations are superbly fitted and only high-quality parts and materials have been used. The spacious engine compartment offers excellent service access to engine, diesel generator and all installations such as heating, fuel polishing system and central oil change system for engine, transmission and generator. The yacht was only launched for an extended summer cruise in the past seasons and has been in indoor winter storage for the rest of the year. Continuous maintenance and service by professionals. She is in excellent condition both in technical and cosmetic terms.

Deck

- Teak deck on running decks and swim platform
- Electric anchor windlass MUIR 1.200 W with remote control at helm station
- Mooring gear: DELTA-anchor 25 kg with 60 m anchor chain 10 mm
- Large swim platform with solid stainless steel railing and additional folding mooring cleats
