SELENE 62 OCEAN TRAWLER

Boat sold.

Main Info

Model	Selene 62 Ocean Trawler
Manufacturer	Jet-Tern Marine (CHN)
Designer	Howard Chen
Category	Trawler
Year	2009
Location	Laboe/Ostsee
Flag	Germany
VAT status	EU-VAT paid
Material	GRP
Cabins	4
Berths	8

Dimensions & Material

LOA	21.50 m
LWL	18.30 m
Beam	5.69 m
Draft	2.20 m
Displacement	65 t
Engine	2 x CUMMINS QSL9-330HD
Power	2 x 330 PS/243 KW
Drive	Shaft drive
Fresh water	2.300 L
Fuel	9.840 L
Holding tank	400 L

Key Facts

- Exclusive, well finished teak interior.
- Luxurious full-beam owner's cabin.
- Separated crew-area aft.
- Twin engine-version.
- Long range autonomy (fuel tank: 9.840 l).
- Complete FURUNO navigation equipment.
- Spacious flybridge with tender crane.
- Very seaworthy trawler-yacht.

Description

Stable, exclusive long range trawler-yacht built by Jet-Tern Marine/Selene Yachts. Her extremely seaworthy hull, a diesel tank volume of approx. 10.000 liters and her very solid construction, make the Selene 62 Ocean Trawler the perfect vessel for long journeys to remote areas of the world (CE category A/Offshore). In a luxurious full-beam owner's cabin, two guest cabins (each with its own bathroom and separate shower) and a fully separated crew area aft, the yacht offers her crew plenty of comfort for extended stays on board (interior design: Ken Freivokh). The cosy saloon, a spacious wheelhouse and the cockpit with oval seating create independent, separate living spaces. The flybridge with access from cockpit and from the wheelhouse is divided into a large steering and lounge area with upper helm station, dinette and wetbar and a spacious aft deck with stowage and hydraulic crane for the tender. Technically, the Selene 62 has professional shipbuilding standard. All components are well dimensioned, all installations are carefully executed and only high-quality parts, fittings and materials have been chosen. The spacious engine compartment with standing head room provides excellent service access to both main engines, two diesel generators and all installations such as hydraulic powerpacks, fuel polishing system, central engine oil changing system, etc.

Deck

- Teak deck on running decks, swim platform, forward flybridge and in cockpit
- MAXWELL HCW 3.500 W electric anchor windlass with remote control and chain counter at helm station
- Port anchor: Stainless steel Spade anchor 72 kg with 120 m stainless steel anchor chain
